One decision in Romania appealed to ICC Arbitration, where it was upheld and has now been enforced as first DAB decision to be enforced in Romania
- 2000-2009** Adjudicator and Party Representative in disputes in UK – civil engineering, pipelines, railway work, consultancy agreements, M&E work and building – included pipeline for aircraft fuel in UK
- 2004-2008** Compiling notices of dispute and presenting Contractors' cases at DRB hearings and obtained favourable results on two power station projects in Kenya over period of four years – FIDIC 4<sup>th</sup> edition
- 2007** International arbitration and preparation of claims and statements of case on infrastructure and pipeline projects in East Africa and Middle East
- 2006-2007** Preparation of claims and statement of case in arbitration for major Indian international oil and gas contractor on gas extraction projects off Qatar
- 2005** Advising Indian oil and gas contractor on dispute on power plant off Tanzania – settled without starting arbitration

- 2005** Advising Qatar based contractor in arbitrations on unforeseen ground conditions on micro-tunnelling project in Mumbai, India – taken to arbitration by Indian law firm
- 2004** Advising civil engineering contractors on disputes on various projects in UK in nuclear power plants and other engineering projects – prepared claims which enabled clients to obtain favourable settlements
- 2000-2003** Preparation of claims for Japanese, French, Indian and Kenyan contractors on projects in Kenya, Uganda and Tanzania: sewerage and water supply schemes, power station and distribution lines, prisons
- 1997-2000** Preparation of claims for international contractors (French, German, Greek, Caribbean) and subcontractors on building and civil engineering projects in Arabian Gulf states, Caribbean, Europe and Far East.
- 1997-1998** Acting in arbitrations for Claimant party in three arbitrations in UK and East Africa, obtaining favourable results
- 1997** Advised international contractor in preparation of bid for waste-water scheme in Bucharest, Romania
- 1994-1997** Preparation and negotiation of claims, and defences to counterclaims for one of the world's largest power station constructors on gas turbine, steam turbine, combined cycle and coal-fired power plant projects in UK and Indonesia. Several projects valued from £25m to £660m
- 1991-1993** Preparation of claims and case for submission to arbitration of disputes on nuclear power station for international piping contractor
- May 1988 - Dec 1991** Contracts/Legal Executive/Associate with International Consultancy

Legal and contractual advice to directors, senior staff and clients on contentious and non-contentious matters.

**Contentious matters:** Prepared claims for contractor and subcontractor in Saudi Arabia on transcontinental pipeline and new holiday resort.

Acted as Arbitrator on one dispute and produced interim and final awards. Prepared submissions to arbitration for contractors and clients. Litigation support in contractual and professional indemnity claims, by way of technical reports. Preparation and negotiation of claims. Defence to claims.

**Non-contentious matters:** Drafting contracts and subcontracts, often for novel contracting strategies on high-profile projects; drafting warranties, novations, consultancy agreements and other contract documents for clients including oil and pharmaceutical companies, the PSA and utility companies

**Mar 1986 - Apr 1988** Project Leader with Major QS Consultancy

Led team of eleven Qs and Cost Engineers on M&E Phase of MoD Project for PSA. Value £70m.

The project was badly affected by disputes between the Contractor and the Superintending Officer. I attended numerous negotiation meetings at PSA Headquarters with Senior Officials and the Contractor's representatives, as well as carrying out the regular duties of cost reporting, valuations and supervising the team. I also had personal responsibility for the building and civil work.

Project QS for £5m underground main replacement at same MoD establishment.

**Feb 1981 – Feb 1986** Senior QS in Central Contracts Department of Costain Group

This was a department specialising in contractual matters for all operations from the UK down to North Africa undertaken by the Group's subsidiaries in building, civil and marine engineering. Embraced all standard forms used in UK, as well as some bespoke forms, and a number of FIDIC and other overseas contracts.

**Jan 1979 – Jan 1981** Kyle Stewart Limited (now part of Royal BAM Group)

1. Senior QS with Major Works
2. Head of QS Department of Special Works Division

1. Senior QS reporting to Group Surveying Director on several Design and Build projects for pharmaceutical company and brewery. Values £0.5m - £4m. Some estimating as well as post contract work.

2. Division reformed 1980. Profit and turnover targets exceeded. We undertook special projects in jacking of building, underground services and repairs, as well as new, prestigious fitting out work. Again, some estimating and post contract work.

**Oct - Dec 1978** Claims Advisor with International Civil Engineering Consultancy

Advising Deutsche Babcock on claims from subcontractor on power station in Saudi Arabia and based in Oberhausen.

Advising Engineers on several power stations in different parts of the world.

**Mid 1977 - Oct 1978** QS and Construction Manager with Regional Contractors

Final account measurement. Leader of the technical team on industrial and domestic building and light civil projects. Responsible for progress, organising resources, meeting consultants and attending site meetings.

**Sep 1975 - July 1977** Senior then Chief QS for A. Lang Limited (Swiss), Accra, Ghana

Reporting to Technical Director of premier construction company in Ghana. Projects ranged from minor domestic works to multi-million building and civil projects. Responsible for all commercial matters, including preparation, submission and negotiation of claims.

**July 1971 - July 1975** QS with Kyle Stewart Limited (now part of Royal BAM Group)

Assistant QS on civil engineering work on Freightliner Terminal. Responsible for re-measurement and providing information for claims, which were compiled by external advisor.

Promoted to QS. Worked on office and industrial buildings up to around £0.75m.

**Sep 1969- June 1971** Trainee/Assistant QS with International Contractor

After working with different surveyors on residential and industrial projects, I worked entirely on £2m local authority housing project. There was a major dispute on the civil engineering phase, which went to Arbitration.
