1997	Advised international contractor in preparation of bid for waste-water scheme in Bucharest, Romania
1994-1997	Preparation and negotiation of claims, and defences to counterclaims for one of the world's largest power station constructors on gas turbine, steam turbine, combined cycle

and coal-fired power plant projects in UK and Indonesia. Several projects valued from £25m to £660m

1991-1993

Preparation of claims and case for submission to arbitration of disputes on nuclear power station for international piping contractor

May 1988 - Dec 1991

Contracts/Legal Executive/Associate with International Consultancy

Legal and contractual advice to directors, senior staff and clients on contentious and non-contentious matters.

Contentious matters: Prepared claims for contractor and subcontractor in Saudi Arabia on transcontinental pipeline and new holiday resort.

Acted as Arbitrator on one dispute, and produced interim and final awards. Prepared submissions to arbitration for contractors and clients. Litigation support in contractual and professional indemnity claims, by way of technical reports. Preparation and negotiation of claims. Defence to claims.

Non-contentious matters: Drafting contracts and subcontracts, often for novel contracting strategies on high-profile projects; drafting warranties, novations, consultancy agreements and other contract documents for clients including oil and pharmaceutical companies, the PSA and utility companies

Mar 1986 - Apr 1988

Project Leader with Major QS Consultancy

Led team of eleven QSs and Cost Engineers on M&E Phase of MoD Project for PSA. Value £70m.

The project was badly affected by disputes between the Contractor and the Superintending Officer. I attended numerous negotiation meetings at PSA Headquarters with Senior Officials and the Contractor's representatives, as well as carrying out the regular duties of cost reporting, valuations and supervising the team. I also had personal responsibility for the building and civil work.

Project QS for £5m underground main replacement at same MoD establishment.

Feb 1981 – Feb 1986

Senior QS in Central Contracts Department of Costain Group

This was a department specialising in contractual matters

for all operations from the UK down to North Africa undertaken by the Group's subsidiaries in building, civil and marine engineering. Embraced all standard forms used in UK, as well as some bespoke forms, and a number of FIDIC and other overseas contracts.

Jan 1979 – Jan 1981

Kyle Stewart Limited (now part of Royal BAM Group)

1. Senior QS with Major Works

2. Head of QS Department of Special Works Division

1. Senior QS reporting to Group Surveying Director on several Design and Build projects for pharmaceutical company and brewery. Values £0.5m - £4m. Some estimating as well as post contract work.

2. Division reformed 1980. Profit and turnover targets exceeded. We undertook special projects in jacking of building, underground services and repairs, as well as new, prestigious fitting out work. Again, some estimating and post contract work.

Oct - Dec 1978

Claims Advisor with International Civil Engineering Consultancy

Advising Deutsche Babcock on claims from subcontractor on power station in Saudi Arabia and based in Oberhausen.

Advising Engineers on several power stations in different parts of the world.

Mid 1977 - Oct 1978

QS and Construction Manager with Regional Contractors

Final account measurement. Leader of the technical team on industrial and domestic building and light civil projects. Responsible for progress, organising resources, meeting consultants and attending site meetings.

Sep 1975 - July 1977

Senior then Chief QS for A. Lang Limited (Swiss), Accra, Ghana

Reporting to Technical Director of premier construction company in Ghana. Projects ranged from minor domestic works to multi-million building and civil projects. Responsible for all commercial matters, including preparation, submission and negotiation of claims.

July 1971 - July 1975

QS with Kyle Stewart Limited (now part of Royal BAM Group)

Assistant QS on civil engineering work on Freightliner Terminal. Responsible for re-measurement and providing information for claims, which were compiled by external advisor.

Promoted to QS. Worked on office and industrial buildings up to around £0.75m.

Sep 1969- June 1971 Trainee/Assistant QS with International Contractor

After working with different surveyors on residential and industrial projects, I worked entirely on £2m local authority housing project. There was a major dispute on the civil engineering phase, which went to Arbitration.
